ROBOTIC PROCESS AUTOMATION (RPA)

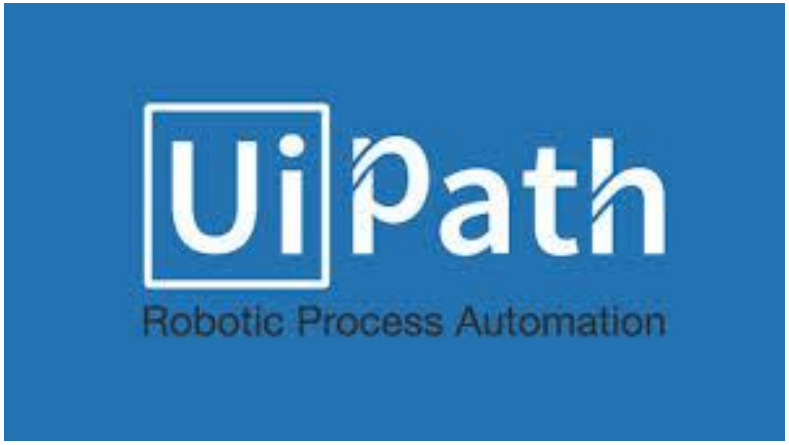

Course Presentation
[September 30 2026]

Elective Course, 2026-2027, Fall Semester

Andreea-Diana Pop, Lecturer PhD
Babeş-Bolyai University

Acknowledgements

This course is presented to our Faculty with the support of UiPath Romania.

Course Goals

- this course introduces:
  - basic concepts on business processes;
  - technical knowledge to develop software robots;
  - potential strategies applied in order to automate business processes;
  - business analyst related tasks;
- facilitates practical work on:
  - specific process automation tool – UiPath Studio;
  - particular business process automation. • various skills improvement related to • team communication and team working;
  - innovative technology use.

RPA main intent: improve technical skills to develop software robots.

Final Grade

- **Final Grade (G) = 30%L + 70%P**

- **Bonuses:**
- **10% for each Course finalization on the UiPath Platform**
- **10% attendance to each of the Invited courses (if any)**

Activities. Details

- **Lecture: 2 hours/week; 14 weeks;**
- **Laboratory: 2 hours every 2 weeks;**
- **RPA Project: turn in during week 14.**

Activity Planning (1)

Week	Lecture	Laboratory
[w01]	Lecture 01. Course Presentation Robotic Process Automation (RPA). UiPath Platform.	Lab 01. UiPath Studio installation. RPA project setup. Basic Concepts
[w02]	Lecture 02. Introduction to UiPath Studio (Project Overview. Basic Data Types. Control Flow)	
[w03]	Lecture 03. Data processing. Collections (Operations on Data. Data Manipulation)	Lab 02. Multiple workflows. Arguments. Invoke Workflow Activity
[w04]	Lecture 04. Advanced UI Interaction	

Activity Planning (2)

Week	Lecture	Laboratory
[w05]	Lecture 05. Debugging and Exception Handling (trycatch) Custom Activities	Lab 03. UI interactions. Exception Handling. Custom activities
[w06]	Lecture 06. Selectors	
[w07]	Lecture 07. Robotic Enterprise Framework (REF)	Lab 04. Selectors. Image and Text Automation
[w08]	Lecture 08. Image and Text Automation	
[w09]	Lecture 09. Excel. Data Tables	Lab 05. Excel or PDF files
[w10]	Lecture 10. PDF and E-mail	

Activity Planning (3)

Week	Lecture	Laboratory
[w11]	Lecture 11. Orchestrator. Basics Features (I)	Lab 06. E-mail Automation or Orchestrator
[w12]	Lecture 12. Orchestrator. Jobs Scheduler. Queues (II)	
[w--]	Christmas Break	
[w13]	Lecture 13. Rehearsals & Project question & answering	Lab 07. Finalize Lab activities
[w14]	Lecture 14. RPA Project turn in	Lab 07. RPA Project turn in

Lab. Rules

- **G = 30%L + 70%P**

- **Attendances:**
- **Lab attendances are not compulsory.**
- Lab attendances will not be checked during lab activities by the teacher.
- **Students should keep their lab group throughout the semester.**
- **Assignments:**
- **Assignments are not mandatory;** students can pass the final course exam with the P grade only, i.e., L=0.
- **Activities:**
- Students have the choice to work as single or in teams(2-3 students) to perform lab tasks.
- Teams can be changed from one lab assignment to another.
- **The whole team attends the lab activity when an assignment is turned in. All team members should be able to answer to asked questions!**

Lab. Assignment Turn in Scheduler

Lab assigned	Week	Lab01 grade	Lab02 grade	Lab03 grade	Lab04 grade	Lab05 grade	Lab06 grade
Lab01	Week01	-	-	-	-	-	-
	Week02	-	-	-	-	-	-
Lab02	Week03	10	-	-	-	-	-
	Week04		-	-	-	-	-
Lab03	Week05	8	10	-	-	-	-
	Week06			-	-	-	-
Lab04	Week06	-	8	10	-	-	-
	Week07	-			-	-	-
Lab05	Week09	-	-	8	10	-	-
	Week10	-	-			-	-
Lab06	Week11	-	-	-	8	10	10
	Week12	-	-	-			
-	Week13	-	-	-	-	8	10
	Week14	X	X	X	X	X	X

- **G = 30%L + 70%P**

- **L = Average of the highest 3 labs grades (or less than 3 lab assignments turned in)**
- **3 out of 6 lab assignments should be turned in in order to compute (successfully) grade L.**
- students may choose **any** 3 lab assignments to be turned in to compute L.
- **all assignments have the same weight when computing the grade L.**
- **Lab activity (L) = 30% of the final grade (G).**

Project. Rules

- **G = 30%L + 70%P**

- **P = Business Process Automation Project**
- **P represents the RPA course final assessment;**
- P is an individual student or a team (2-3 students) project;
- Any student enrolled in RPA elective course must register to elaborate and turn in P.
- Additional announcements on registering a team to P will be provided over MS Teams.
- Details on the P **requirements** and **assessment** will be available on MS Teams.
- **P is turned in during week 14 according to a scheduling that will be available by the end of week 12.**

Resources (1)

- **MS Teams**
- communication over channels:
- ***General***
- events, announcements, deadlines, news;
- ***Lectures***
- course presentation, lecture notes, demos;
- references;
- ***Labs***
- specific details during particular lab activities;
- ***Project***
- business process automation project details;
- team details and project registration;
